Step 1:
In the upper right-hand corner select the 3 dots in a vertical line
Select the 3 lines in the upper left-hand corner
Select About Chrome at the bottom and wait for Chrome to update.

Step 2:
In the upper right-hand corner select the 3 dots in a vertical line
Select Settings
Select Advanced (at the bottom of the page)
Select Content Settings
Select Flash
At the top of the page make sure it says Ask First (Recommended) with a blue circle

Your Flash settings will be kept until you quit Chrome.

Step 3:
Open the course in PDIS
Select the shield with the red x in the URL bar
Select Load Unsafe Scripts

Insecure content blocked
