Updates to the Colorado Coaching Credential
Jennifer O’Brien, Director, ECWD-CDE
State TA Day January 2020
Levels II and III of the Colorado Coaching Credential

- CDE and CDHS will be sunsetting Levels II and III of the Colorado Coaching Credential.

- We are still issuing the Level I Coaching Credential.

- We will no longer accept applications after March 1, 2020.
Why are we sunsetting?

- CDE and CDHS are assessing different ways to support coaches.
- No other system partner requires or incentivizes Levels II and III.
- We have decided not to dedicate resources toward issuing Levels II and III.
Current Level II and III Coaches

• Thank you for your dedication to the profession!

• Your Level II or III Coaching Credential is still a formal recognition of your expertise and is valid until it expires.

• We will maintain records of these Credentials until they expire.
